Re: Petitioners' Prefiled Rebuttal Testimony / Request for Extension of Time / MOU
East Avenue Loop, PSB Docket No. 7314

Dear Ms. Hudson,

I write with three items to bring to your attention.

First, enclosed please find an original and six copies of prefiled rebuttal testimony and associated exhibits for the East Avenue Loop Project in the above-referenced matter. In addition to filing the electronic versions by email, you will find enclosed a CD with the testimony and exhibits for your use.

Second, Petitioners respectfully request that you please bring to the Hearing Officer's attention a request for an extension to December 3, 2007 for submitting prefiled rebuttal testimony concerning accountability for cost increases. In its prefiled testimony, the Department of Public Service requested that Petitioners submit rebuttal testimony on this issue. Petitioners expect to have this accountability testimony completed and finalized this week. The Department has consented to the extension, and in return for the extension, Petitioners agree to provide additional time for discovery requests concerning the accountability issue to the Department and any other party in the Docket.

Third, please find enclosed the original signed Memorandum of Understanding between the Department of Public Service and Petitioners concerning aesthetics issues relating to the Project. (Copies of this document are included as Exhibit PET REB.6.2 in the binder.)

If you have any questions or concerns regarding any of these materials, please do not hesitate to contact me or my assistant, Priscilla Smith.

Sincerely,

William J. Dodge
