

Lyndonville / St. Johnsbury
Reliability Deficiency Area

New Lyndonville
Substation

St. Johnsbury
Substation

A map of the state of Vermont, showing its county boundaries. The northern portion of the state is shaded in red, indicating a Voltage Reliability Deficiency Area. A yellow box with a black border is overlaid on the red area, containing the text "Northern Vermont Voltage Reliability Deficiency Area". The rest of the state is shaded in light green. The map includes labels for various counties and cities, though they are small and difficult to read. The state's irregular border is clearly visible.
