

VELCO OPEN 2018

Friday September 7, 2018 ~ 8:15 am Shotgun Start

2018 VELCO Open Rules

1. Every team must use a minimum of 2 drives from each player.
2. On the Par 3's the drives of two different players must be used.
3. All players hit each shot.
4. The ball is dropped within one club length of ball to be played.
Placement of the drop ball cannot be made closer to the hole than the play. If the play ball is in a hazard the drop ball must be in the hazard.
5. Once on the green, each person putts like normal. If no one makes the first putt, then your team gets an automatic two putt. This eliminates the need for marking balls and everyone putting again.
EXCEPTION: You do NOT get an automatic birdie. You have to putt for below par scores.
6. Longest drive must be on fairway, not in rough.
7. Closest to pin must be on putting surface.
8. Honesty and courtesy apply to all.

There will be prizes awarded and a charity raffle at the luncheon after the tournament.

This is a rain or shine event, so be prepared.

Proceeds from the tournament donated to:

In Memory of Robbie Etori ~ Son of Margaret and Frank Etori
