

Viewpoint 001: Approximately 180° panoramic view from Higgins Hill Road, east of the Project site, panning from roughly southeast (left) to northwest (right). The orange rectangle represents the image below, which is captured with a 50mm equivalent lens.

Viewpoint 001: View from Higgins Hill Road looking approximately west towards the Project site. This view is represented by the orange rectangle in the image above. (50mm)

Viewpoint 002: Approximately 180° panoramic view from Higgins Hill Road, southeast of the Project site, panning from roughly southwest (left) to northeast (right). The orange rectangle represents the image below, which is captured with a 50mm equivalent lens.

Viewpoint 002: View from Higgins Hill Road looking northwest towards the Project site. This view is represented by the orange rectangle in the image above. (50mm)

Viewpoint 003: Approximately 180° panoramic view from Higgins Hill Road, south of the Project site, panning roughly from southwest (left) to northeast (right). The orange rectangle represents the image below, which is captured with a 50mm equivalent lens.

Viewpoint 003: View from Higgins Hill Road looking northwest towards the Project site. This view is represented by the orange rectangle in the image above. (50mm)

Viewpoint 004: Approximately 180° panoramic view from the existing substation access drive on Higgins Hill Road, south of the Project site, panning from roughly northwest (left) to southeast (right). The orange rectangle represents the image below, which is captured with a 50mm equivalent lens.

Viewpoint 004: View from Higgins Hill Road looking approximately north towards the Project site. This view is represented by the orange rectangle in the image above. (50mm)

Viewpoint 005: Approximately 180° panoramic view from Higgins Hill Road, west of the Project site, panning from roughly northwest (left) to southeast (right). The orange rectangle represents the image below, which is captured with a 50mm equivalent lens.

Viewpoint 005: View from Higgins Hill Road looking approximately northeast towards the Project site. This view is represented by the orange rectangle in the image above. (50mm)

Viewpoint 006: Approximately 180° panoramic view at the intersection of Higgins Hill Road, Concord Avenue, and Daniels Farm Road, west of the Project site, panning from north (left) to south (right). The orange rectangle represents the image below, which is captured with a 50mm equivalent lens.

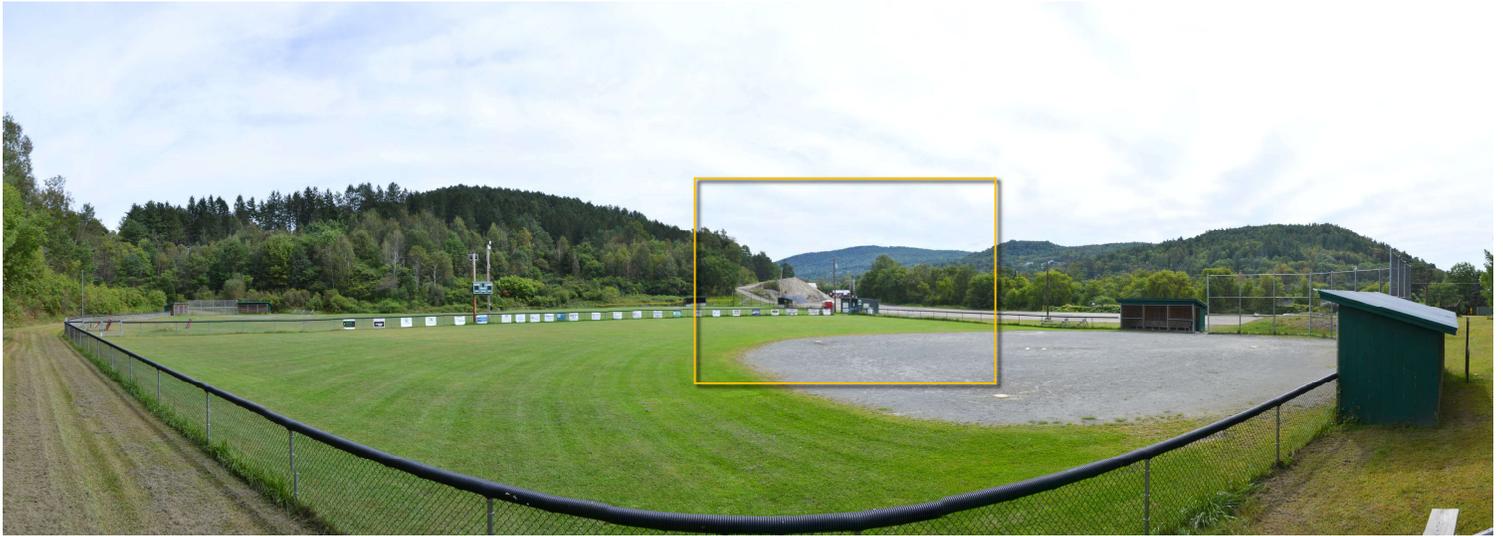

Viewpoint 006: View from Higgins Hill Road, Concord Avenue, Daniels Farm Road intersection looking approximately east along GMP corridor towards the Project site. This view is represented by the orange rectangle in the image above. (50mm)

Viewpoint 007: Approximately 180° panoramic view from Daniels Farm Road, southwest of the Project site, panning from roughly northwest (left) to southeast (right). The orange rectangle represents the image below, which is captured with a 50mm equivalent lens.

Viewpoint 007: View from Daniels Farm Road looking northeast towards the Project site. This view is represented by the orange rectangle in the image above. (50mm)

Viewpoint 008: Approximately 180° panoramic view from the Leonard Field on Almshouse Road, northwest of the Project site, panning from north (left) to south (right). The orange rectangle represents the image below, which is captured with a 50mm lens.

Viewpoint 008: View from the Leonard Field on Almshouse Road looking southeast towards the Project site. This view is represented by the orange rectangle in the image above. (50mm)

Viewpoint 009: Approximately 180° panoramic view from Interstate 93, southeast of the Project site, panning from roughly south (left) to north (right). The orange rectangle represents the image below, which is captured with a 50mm lens.

Viewpoint 009: View from Interstate 93 looking approximately northwest towards the Project site. This view is represented by the orange rectangle in the image above. (50mm)

Viewpoint 010: Approximately 180° panoramic view from Interstate 93, south of the Project site, panning from roughly northwest (left) to southeast (right). The orange rectangle represents the image below, which is captured with a 50mm lens.

Viewpoint 010: View from Interstate 93 looking approximately north towards the Project site. This view is represented by the orange rectangle in the image above. (50mm)
