

VELCO Weather Projects

vermont electric power company

Update
July 2019

Management Structure Short/Long Term

Next Steps

- Kick-off the Weather Development Project
- Engage Atmospheric Data Solutions (ADS) on VELCO WRF improvements
- Engage Northview Weather of VELCO and DU efforts
- Secure SPA amendment with UI
 - Seek to align resources with weather development project
 - Revise estimate and value proposition
- Determine value of Scipher (formerly known as hypercast) Applications
