VELCO

2122-2023

VELCO BUDGET REQUESTS

Additions/Improvements to the VELCO System
Please include needed improvements, such as new transmission facilities and/or equipment.

Additions/Improvements Planned for Your System
Please include planned work, which would require VELCO resources.

Potential Requests for VELCO Assistance
Please include needed assistance from VELCO employees, such as facility planning studies. Also, include areas in which VELCO may be needed to provide services, such as construction access and matting, engineering, work scoping, estimating or other needs.

Information System Projects/Assistance (Computers, Networks, Communications, SCADA)
Please include needed improvements, such as new IT/Communication facilities and/or equipment. Also, include areas in which VELCO may be needed to provide IT/Communication services.
